

Occulus +

- **Lutein and Zeaxanthin:** Help to protect the lens by decreasing the progression of opacities (nuclear cataracts) in humans. In in vitro studies, they protect against oxidative damage.
- **Minerals (Zn, Cu):** Essential for eye development; help slow visual acuity loss in humans.
- **Vitamins (A, C, E):** They have been seen that help to prevent nuclear and cortical cataracts in humans, reducing the risk of cataract development (6,7). In vitro studies show antioxidant action (1).
- **Vitamins (D3, K):** Related to the metabolism of insulin and glucose. They have been linked to reducing the progression of cataracts in humans. Vitamin D shows anti-inflammatory action.
- **Minerals (Ca):** Helpful in cataracts that occur due to hypocalcemia; helps slow down the progression of lens opacities in humans.
- **Vitamins (B1, B2, B3, B6, B7, B9, B12):** Important for the activation of some antioxidants and the depletion of homocysteine, helping to slow the cataract onset in humans (1,9,10,11).
- **Alpha lipoic acid:** Antioxidant effect (12). Helps to protect retinal ganglion cells in diabetic retinopathies (13). Aldose Reductase Inhibitor (sorbitol generator) (14,15). Slows down the progression of diabetic cataract in dogs (16).

COMPOSITION

COMPOSITION PER TABLET (750mgr): Tricalcium phosphate; Calcium hydrogen orthophosphate; Magnesium tribasic citrate; Calendula officinalis; Wheat starch; Alpha lipoic acid (15mg); Magnesium stearate; Marigold flower (*Tagetes erecta*) (Lutein, 4mg and Zeaxanthin 0.5mg); Copper.

ADDITIVES PER TABLET (750mgr):
Flavouring agents: Chicken flavouring.
Vitamins: Calcium D-pantothenate, Vitamin B6, Biotin, Vitamin A, Vitamin D3, Folic Acid, Vitamin B12, Niacinamide, Vitamin K3, Vitamin B1, Vitamin B2, Vitamin C, Vitamin E.
Oligoelements: Iodine (potassium iodide) (0.046mg); Selenium (Sodium Selenite) (0.014mg); Manganese (Manganous sulfate monohydrate) (0.943mg); Zinc (Zinc sulfate, monohydrate) (2.8mg).

INSTRUCTIONS FOR USE

Oral administration, once daily, with one of the main meals.

Pets under 5kg: ½ tablet

Pets from 5 to 10kg: 1 tablet

Pets from 10 to 20kg: 1½ tablets

Pets from 20 to 40kg: 2 tablets

Pets over 40kg: 2½ tablets

STORAGE CONDITIONS

Store in a cool and dry place, protected from light.

PRESENTATION

Solid form: 30 tablets.
